(Designed To Complement The Making Adorable Buttons Collection 1 - Booklet No. 2010123)

Materials Needed: 1 ~ Size 8-1/2" x 11" Heavy Card Stock, Printer, X-Acto Knife & Twine **Directions:** Print the button cards on a piece of heavy card stock. Cut the cards out along the solid lines. Arrange completed buttons on the card front to your liking. When desired placement is achieved, slightly push the metal button shank into the card to make a divit. With an X-Acto knife carefully make two slits 1/2" apart, making sure to sandwich the divit in the center of the slits. Thread twine thru button shank first, then slits. Knot the twine to secure the buttons onto the card. Great for gift giving & displays. Enjoy!
